The Wilson Center for Vocational Studies: The Culinary Arts Program

We are so proud of our culinary arts program! The program prepares individuals for employment in the food-service industry. Students receive instruction in recipe and menu planning, preparing and cooking of foods, food safety, managing of food supplies and kitchen resources, aesthetics of food presentation, and familiarity of a wide variety of cuisines and culinary techniques. Emphasis is placed on exposing students to a diverse menu that includes cuisines from around the world. Additionally, the menu also reflects traditional foods that are served during observed holidays from different cultures. Our students will be able to use their skills in the future, whether for family and friends in their own homes, or in a professional capacity. Some of our students have gone on to culinary schools and many more have been or are employed in the restaurant or hospitality industry. We are looking forward to another year of student participation in SkillsUSA, a nationally recognized vocational competition, and expect many winners, as we have had in the past.

Staff Spotlight: Mrs. Scofield

What brought you to Virginia?

Friends of mine moved down here from NY, and when I visited I really liked the area. When a job opened up, I headed down here!

What do you think of the Oberle School?

I think Oberle offers a flexible and more individualized experience than a typical public school. It's great to be a part of something that has such an impact.

Where are you from originally?

New York

Where did you go to college?

SUNY New Paltz University

What school did you teach at before Oberle?

Locus Grove Middle School

What do you do in your free time?

What free time? Lol!

What was your favorite class to take and why?

My favorite classes were always history. I loved learning about how people used to live, and what their everyday lives were all about.

Tell us something most people don't know about you.

I originally wanted to be a writer, before deciding to teach.

Student of the Month

October: Respect

"I speak to everyone in the same way whether he is the garbage man or the president of the university"

-ALBERT EINSTEIN

Kris D. can be counted on to show respect toward both staff members and peers. During group talks, he sets the tone by showing that communication can be considerate and kind, even when viewpoints differ. Kris is an asset to our Oberle School student body!

November: Responsibility

"You must take personal responsibility. You cannot change the circumstances, the seasons, or the wind, but you can change yourself. That is something you have charge of..."

- JIM ROHN

James C. appreciates opportunities to assume responsibility for tasks and academic work. He takes pride in his work and encourages his peers to make good decisions, as well. James also demonstrates responsible behavior outside of school - he works approx. 30 hours a week at McDonald's.

Bulldog Shout Outs

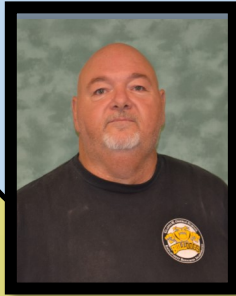

I wanna give a "Shout Out" to my front office home-girl... MS. TRACY HASLEY!!!

Darius did a fantastic job at the food bank this week, working with the hand cart/ lift.

Shout out to Mr. Stevenson's third block for working so well together and getting things done.

Shout out to Mrs. Love and Mrs. Dillow for always

going above and beyond to support students and staff.

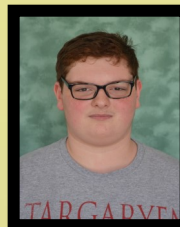

Shout out to Mr. Payne for his magnificent work with our students, his work on the Awareness Committee, and his work with the StraightTalk Group!

SHOUT OUT to Lazarus for always working with enthusiasm in the kitchen.

SHOUT OUT to...Mrs. Mark for being such a wonderful teammate and "utility player." She works hard to prepare and teach anything that she is asked to teach!

Shout out to James B. and Seth C. for obtaining their CPR certification.
